

**NAME**

vncconnect - connect a VNC server to a VNC viewer

**SYNOPSIS**

**vncconnect** [-display *Xvnc-display*] *host[:port]*

**DESCRIPTION**

Tells **Xvnc(1)** to connect to a listening VNC viewer on the given host and port.

**SEE ALSO**

**vncviewer(1)**, **vncserver(1)**, **Xvnc(1)**, **vncpasswd(1)**

**AUTHORS**

Original VNC was developed in AT&T Laboratories Cambridge. TightVNC additions were implemented by Constantin Kaplinsky. Many other people participated in development, testing and support.
